Since Shawnee Mission South opened in 1967, the South Theatre program has had a rich and proud tradition of excellence. One mission of our program is to provide students with an experience that is as close to real life in a theatre company as possible, and our Repertory Theatre class is one of the only programs of its kind in the area. Students involved in our program are responsible for every aspect of our productions. This includes set, costume and lighting design and construction, publicity, ticket sales, prop procurement and back stage theatre management. It is no secret that recent budget cuts in all areas of school funding have threatened the arts. Your contribution to our program helps to purchase lumber, office supplies, paint, fabric, posters, tickets and many other necessities that come with producing our season. Your gift to support our program is not only a gift to Shawnee Mission South Theatre, but a gift to support the arts in our community. With your support, we can continue our tradition of producing exciting and engaging theatre! Thank you.
