

SHAWNEE MISSION SOUTH THEATRE

Join SMS Theatre Booster Club

Thank you for your support of the Shawnee Mission South Theatre 2017-2018 season.

We appreciate and value your investment into our program.

Your generous support helps to underwrite one of the only entirely student-run theatre programs among all high school programs in the area.

At SMS, our theatre students not only act in the shows, they also design and build sets, create and manage costumes, make and manage props, set / run lights and sound for each show, and handle the marketing, promotions and business aspects of each production.

Our productions push boundaries of design, creativity and interpretation, enabling students to experiment with different styles, roles and historical eras.

Our students learn hands-on skills that they will use in future careers.
